# Rules of the Webinar

**1-Introduce yourself on the chat box with the Name and Country name.**

**2-All Questions will be taken at the end of the Speakers' Presentation .**

**3-Letters rule:**

- **Yes:Y**
- **No: N**
- **Technical issue: T**

Hello!

# Table of Content

**1-Learning objectives**

**2-Young researchers forum: -What is the YRF**

**-Why the YRF**

**-Who will use it**

**-How to use it**

**3-The value of the YRF**

**4-Live**

**5-Questions**

**6-Quiz**

# Learning Objectives

By the end of this Webinar you will :

- 1- Be able to create an account and be more involved.
- 2-Be able to post articles and improve your research knowledge and skills!
- 3-Have a clear idea about the YRF and its value.

# What is the YRF

Young Researchers' Forum(YRF) is an online learning and research community designed for pharmacy and pharmaceutical sciences students globally by International Pharmaceutical Students' Federation, IPSF.

It has an aim of **promoting** researching, **networking** and **collaboration** in the pharmacy Practice and Pharmaceutical science among members.

The platform is being managed by IPSF Pharmacy Education Portfolio.

The activities of the platform are measured by the degree of interactions and research outputs developed by registered members of the forum

Link: [Yrf.ipsf.org](https://yrf.ipsf.org)

# What's the YRF

- Learning
- Collaboration
- Knowledge exchange
- Scientific discussion
- Posting articles
- Research Basics
- Scientific writing
- Stay updated

# What is the YRF

The screenshot displays the homepage of the Young Researchers Forum (YRF) by the International Pharmaceutical Students' Federation (IPSF). The interface includes a top navigation bar with the forum's logo, a search bar, language selection, and a user profile. A central banner welcomes visitors and states the forum's purpose. Below this is a navigation menu with options like 'Start a Discussion', 'All Discussions', 'Following', and 'Tags'. The main content area features three large category tiles: 'General', 'Pharmaceutical Science', and 'Pharmacy Practice', each with a list of sub-topics and a featured post. At the bottom, there is a filter bar with various post types such as 'Research', 'Article', 'Topic', 'Question', 'Report', 'Student exchange Research', 'Suggestion', and 'Poll'. Red arrows highlight the search bar, the user profile, the 'Start a Discussion' button, the 'Pharmaceutical Science' category, the 'Pharmacy Practice' category, and the 'General' category.

# What's the YRF

## Pharmaceutical science:

**It involves the development and discovery of new drugs:**

- Analytical sciences and pharmaceutical quality
- Biotechnology
- Drug design and discovery
- Natural products
- PK/PD and systems pharmacology
- Regulatory sciences
- Translational research and precision medicine

## Pharmacy practice:

**It involves the Pharmacy main fields :**

- Academic Pharmacy
- Clinical biology
- Community pharmacy
- Health and medicines information
- Hospital pharmacy
- Industrial pharmacy
- Military and emergency pharmacy
- Social and administrative pharmacy
- Crazy Clinical Corner
- Pharmacy practice research

# What is the YRF

The screenshot displays the Young Researchers Forum (YRF) website. At the top left is the YRF logo, and at the top right is a search bar and user profile for 'Karimaa'. The main content area shows a list of forum topics, each with a user profile picture, title, start time, category tags, and a comment count. A left sidebar contains navigation options like 'Start a Discussion', 'All Discussions', and various tags.

# What is the YRF

The screenshot displays the Young Researchers Forum (YRF) website interface. At the top, there is a navigation bar with the YRF logo, a search bar, and user information for 'Karimaa'. A sidebar on the left lists various forum topics, including 'Young Researchers Forum Webinar Series', 'Stem Cell Therapy for COVID-19 Virus', and 'Call for Participants - Young Researchers Forum Research Working Group'. The main content area features a post titled 'Young Researchers Forum Webinar Series' under the 'General' category. The post text mentions that the IPSPF has organized a series of webinars from March 21st to 27th, 2020, with topics such as 'Antibiotic Reviews: Do it right the first time' and 'Using Antitussives to decrease COVID-19's Sustainability'. The post includes a 'Can't Reply' button, a 'Follow' button, and a 'Share' button. A notification on the right indicates '1 of 3 posts' and '2 UNREAD'.

Dear Saad,

Thank you for your message. I am happy to support you with this. Could you kindly share more specific on what your research topic is and any other information that may be useful to help me respond to your question?

**Mongane** Dec '19

↳ saad I can help you in doing this, just please share with us details regarding your work.

# Who will use it

All IPSF members:

- Students
- Recent graduate
- Experts and collaborators

# How to use it

## 1-Create an account:

The screenshot shows the IPSPF Researchers Forum website with a 'Sign Up' modal window open. The modal window contains the following elements:

- Sign Up** (title)
- [Log In with Facebook](#)
- [Log In with Google](#)
- 
- 
- 
- Sign Up** (button)
- [Already have an account? Log In](#)

The background of the website is dimmed, showing the IPSPF logo, navigation links, and a list of discussions.

# How to use it

## 2- Post an article:

- Choose the relevant category (tag).
- Choose the relevant subcategory

The screenshot displays the IPSE forum interface. On the left is a navigation sidebar with options: 'Following', 'Tags', and 'Pharmaceutical Science'. Under 'Pharmaceutical Science', there are subcategories: 'Analytical sciences and ph...', 'Biotechnology', 'Drug design and discov...', and 'Formulation design and p...'. The main content area shows a forum post titled 'DRUG DESIGN AND DISCOVERY' by 'Luciah' from 'Pharmaceutical Science' with 2 replies. Below it is another post titled '[Research] Vitravki (larotrectinib): the tissue-agnostic drug' by 'RosaryPang' from 'Analytical sciences and pharma' with 1 reply. A modal window for creating a new post is open, showing a 'Discussion Title' field, a 'Write a Post...' text area, and a 'Post Discussion' button. The modal also shows the user's profile picture and the selected category 'Pharmaceutical Science' with the subcategory 'Drug design and discovery'. A rich text editor toolbar is visible at the bottom of the modal.

## 3- Be Active:

The screenshot displays the homepage of the Young Researchers Forum - IPSF. At the top left is the logo for Young Researchers Forum. To the right is a search bar labeled "Search Forum", a language selector set to "English", and a user profile for "Karimaa". A central banner reads "Welcome to Young Researchers Forum - IPSF" and "The forum where young minds in pharmacy can express themselves!". Below this is a "Latest" filter dropdown and a "Start a Discussion" button. A sidebar on the left lists navigation options: "All Discussions", "Following", "Tags", "Pharmaceutical Science", "Pharmacy Practice", "Research", and "Article". The main content area shows a list of forum posts:

- Stem Cell Therapy for COVID-19 Virus.** AnnabethOcansey started 2 days ago. Categories: General, Pharmaceutical. 1 reply.
- Call for Participants - Young Researchers Forum Research Working Group** AlisonWilliams started 2 days ago. Category: General. 1 reply.
- Young Researchers Forum Webinar Series** AlisonWilliams started 2 days ago. Categories: General, Announcements. 1 reply.
- A Brief overview of Antibiotic Resistance.** Popoola\_Lanre replied 6 days ago. Categories: Pharmacy Practice, Health. 2 replies.
- Gene editing enters 'prime' time** AnnabethOcansey replied 13 days ago. Categories: Pharmaceutical Science, Biotechnology. 6 replies.

A "Follow" button is visible over the first post.

# How to use it

## 4-Stay Updated:

The screenshot displays the Young Researchers Forum interface. At the top left is the logo for Young Researchers Forum. A search bar labeled "Search Forum" is located at the top right, along with a language selector set to "English" and a user profile for "Karimaa".

The main content area features a "Start a Discussion" button and a "Follow" button. Below these are three discussion threads:

- Stem Cell Therapy for COVID-19 Virus.** AnnabethOcansey started 2 days ago. Category: Pharmaceutical. 1 reply.
- Gene editing enters 'prime' time** AnnabethOcansey replied 13 days ago. Category: Pharmaceutical Science. 6 replies.
- The next biotech superpower** ShaimaaYahya started Nov '19. Category: Pharmaceutical Science. 0 replies.

A dropdown menu is open over the "Follow" button, showing four notification options:

- Not Following**  
Be notified only when @mentioned.
- Following**  
Be notified of all new discussions.
- Lurking**  
Be notified of all new discussions and replies.
- Ignoring**  
Never be notified.
- Hiding**  
Hide discussions from All Discussions page.

At the bottom of the forum, there are category tags: "PK/PD and systems phar...", "Regulatory sciences", and "Translational research an..."

# The Value of YRF

# SURPRISE

# Questions time!

# Quiz Time!

## 1- Steps to post an article:

- a- You don't need to choose the tag and subtag
- b- You need to choose the tag and subtag
- c- Mention all references

## 2-Who will pay to post on the YRF:

- a- Recent graduate
- b- No one
- c- All users

# Quiz Time!

## 3- YRF is a platform:

- a- to only read articles and know it all about pharmacy
- b- to practice and learn research skills
- c- to grow as a researcher

## 4-how many tags:

- a- Science and drug discovery
- b- Industrie and practice
- c- Practice and science
