**Belgrade is the capital of the southeast European country of Serbia. It's most significant landmark is the Beogradska tvrđjava, an imposing fortress at the confluence of the Danube and the Sava rivers.**

**I hope my guidance will make your experience in Belgrade much better and also make you feel more welcome! We are very excited to have you.**

**When you come to Serbia by plane/bus/train some of our students/volunteers will wait for you and show you to your accomodation. Also someone will show you where is your e-practis, and how to get there.**

**Here are some basics how to make your stay in Serbia more pleasurable.**

# EXCHANGE OFFICE

National currency in Serbia is **DINAR**. In Serbia you can only pay with dinars. We don't recommend exchanging money at the airport. When you come to Serbia, someone who waits for you will tell you where is the best and cheapest exchange office.

If you want to compare the prices to city that you come from, there is website called **NUMBEO**, if you are not sure how much you want to take with you.

The **prices** of the **ticket**:

**Bus Plus card** costs *250 dinars (2 euros)* by itself and you have to pay in more money to the card. One ride for 90 minutes is *89 dinar (0,71 euro)*. During this 90 minutes you can change different transportations.

You can buy ticket in bus and it also costs *150 dinars* (not recommended).

# TAXI

If you don't want to wait for the night bus, you can always get taxi.

**19803** – Pink taxi

**19804** – Naxi taxi

**19806** – Gold taxi

Start price is around *200 dinars (1,60 euros)* and we don't recommend using it if it's not necessary.

# SIM CARD

In almost every kiosk you can buy different types of SIM cards.

They are **prepaid cards**, so you need to pay in credit and then you can activate different promotions according to your preferences (**Internet, Minutes or Messages**).

During your visit in **Serbia**, we tend to organize international weekends where people bring different foods and exchange different life stories and embrace cultural differences.

Also if you wish to see these cities we can organize for you to visit them with some of our **volunteers**.

# NIGHT LIFE

In **Belgrade**, every night is **Friday Night**. Everyone is ready to party all the time, dance the night away, and go straight to work the next day. The mainstream clubbing scene consists of venues playing house music, tech house, and turbo-folk (a sub-genre of folk music with dance and pop elements specific to Serbia), but you can also find places specializing in R'n'B, pop, rock, alternative, jazz, or just about any other type of music in existence.

**Belgrade** is well known for sport, art, history, but **Belgrade nightlife** is one more thing for which Belgrade can be proud of. Attractive destinations, wild parties that last whole night long.

# FESTIVALS AND PARTIES

The biggest of all is the **Belgrade Beer Fest** placed in middle of August every year. Free entrance, lots of beer and good music. Also, one of our favorite is the **Jazz Festival**.

In at the end, don't forget Serbian so-called „kafanas“ – bars where you can rest, enjoy but sometimes have fun more then anywhere else with traditional songs that play live.
